Product data sheet

2 x 30M Fire Hose cabinet (JB02HR)

Typical use:

For the storage of 2 x 30M Fire hoses and branch pipe. For on and offshore use. It is widely used by the world's top energy company due to its durability.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for the fire Hoses in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The door can be specified with left or right hinging and features a Graphite nylon rotary door handle to guarantee fast access in an emergency even when wearing gloves. It can also be fitted with an anti-tamper seal.

Fitted with a 316 stainless steel hose pin to neatly store the fire hoses.

Standard specification:

Dimensions (mm)

Height x width x depth: 937 x 835 x 347

Aperture: 756H x 628W

Internal depth: 293

Weight Kg: 15Kg

Material specification:

Colour: Red RAL 3000

Material: Lloyds approved composites with UV stabilised gelcoat

Hinges: 316 Stainless steel

Handle: Nylon /316 Stainless steel with Biomaster® anti-microbial technology and anti-tamper seal facility

Seal: EPDM

Optional Extras:
