The NEW 3M Versaflo TR-300+ Powered Air Respirator

The new 3M Versaflo range simplifies the equipment selection process, increases system versatility and improves user comfort every step of the way.

- Simple starter kit with all the component parts to get you up and running. Simply add the headtop required
- The 2 selectable flow rate options - 185l/mn and 205l/mn - offer more comfort to the user
- Easy-to-use, versatile, respirator systems for particulate environments
- Highly efficient filter captures hazardous dust, mist and fume plus options for nuisance level gases and vapours
- Slim, lightweight balanced design for outstanding comfort
- Intelligent lithium ion battery quickly charges, has no memory effect and incorporates useful charge indicator
- Audible and visual low air flow and low battery alarms as well as electronic indicators for battery life, filter loading status and airflow rate
- Easy to adjust and maintain
- Battery charge indicator on the battery
- Battery Life 4.5 - 12h depending on airflow selection and battery type

The Versaflo TR-300+ powered air system combines performance, protection and functionality with modern, stylish, lightweight design and unrivalled comfort. Powered Air Starter Kit TR-315UK+ contains TR-302E+ Turbo Unit, Particle Filter, Pre-Filter, Spark Arrestors, Standard Belt, High Capacity Battery, Battery Charger Kit and length adjusting Breathing Tube.
