## Product **data sheet**

# JB02HR Wash down Hose cabinet

### Typical use:

For the storage of up to 2 x 30M Wash down / Potable water hoses and branch pipe. For on and offshore use. It is widely used by the world's top energy companies due to its durability.

### Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for the fire Hoses in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The door can be specified with left or right hinging and features a graphite nylon rotary door handle to guarantee fast access even when wearing gloves.

Fitted with a 316 stainless steel hose pin to neatly store the hoses.

### Standard specification:
