## Product data sheet

# Automatic Lifejacket Cabinet (RS300LJD)

### Typical use:

For the storage of 30 Automatic Lifejackets or GSLJs. This cabinet contains hangers for convenient storage and to keep the lifejackets dry. It can be customised to have fewer hangers and a shelf for lifejacket and survival suit storage

### Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The roller shutter door enables access in confined spaces. The AS shutters used have proved to be extremely durable over a very long period of time.

The cabinet comes fitted with 6 x Automatic lifejacket hangers.

### Standard specification:

Dimensions (mm)

Height x width x depth: 2015 x 1385 x 460

Aperture: 1500H x 1210W

Internal depth: 400
