# JB20 General Purpose Cabinet

### Typical use:

For the storage of General Equipment. This cabinet is widely used in the Offshore energy and marine sectors.

### Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The door can be specified with left or right hinging and features a Stainless Steel L handle to pull the door open to guarantee fast access even when wearing gloves.

The cabinet can be customised with shelves and brackets.

### Standard specification:

Dimensions (mm)

Height x width x depth: 1927 x 814 x 660

Aperture: 1680H x 600W

Internal depth: 593

Weight Kg: 40Kg
